

Modifiable Titan® Horizontal Motors Accessories And Modifications Index To Modifications

**ACC &
MOD
INDEX**

A

Abrasion Resistance (See "Insulation Systems").....	64
Accessory Conduit Box (See "Conduit Box, Accessory").....	51
Across-The-Line Start (See "Starting Methods").....	75
Additional Stamping On Nameplate (See "Nameplates").....	67
Adjustable Motor Base (See "Bases, Slide Rails").....	49
Air Filters.....	46
Air Pressure Differential Switch.....	46
Air Temperature Sensor.....	46
Altitude.....	46
Ambient.....	47
Anti-Plugging Switch (See "Zero Speed Switch").....	86
Arctic Duty.....	48
Assembly Position.....	48
Automotive Duty.....	48
Autotransformer Starting (See "Starting Methods").....	75

B

Balance, Special.....	48
Bases, Dowel Pin Holes.....	49
Bases, Slide Rails.....	49
Bases, Sole Plate.....	49
Bases, Vertical Jacking Provisions.....	49
Bearing Thermal Protection (See "Thermal Protection, Bearing")	79
Bearings, Insulated.....	49
Bearings, Oil Sump Heater.....	50
Bearings, Roller.....	49
Bearings, Sleeve.....	50
Bearings, Spare Set.....	49
Breakdown Torque (See "Torque").....	84
Buss Bar Connection (See "Conduit Box").....	52

C

C-Face (See "Endshields").....	60
Cable Gland Provisions (See "Conduit Box").....	52
Calibration Test (See "Tests").....	77
Canopy Cap (See "Drip Cover").....	55
Cast Iron Conduit Box (See "Conduit Box").....	51
Class (F,H) Insulation (See "Insulation Class").....	62
Code Letter Lower Than Standard (See "Starting Current").....	74
Complete Initial Test (See "Tests").....	77
Conduit Box, Accessory.....	51
Conduit Box, Buss Bar w/Standoff Insulator.....	52
Conduit Box, Cable Gland Provisions.....	52
Conduit Box, Cast Iron.....	51
Conduit Box, Drains/Breathers.....	52
Conduit Box, Floor Mounted.....	52
Conduit Box, Hinged Door.....	52
Conduit Box, Lead Positioning Gasket.....	53
Conduit Box, Oversized.....	51
Conduit Box, Space Heater.....	53

Constant Level Oilers.....	66
Copper Bar Rotor.....	70
Corro-Duty®.....	53
Corro-Duty® Paint Job (See "Paint").....	68
Corro-Duty®, IEEE-841 Features.....	53
Coupling, Mount Customer's.....	54
Crating (See "Export Boxing").....	60
Crusher Duty.....	54
Current Transformers.....	54

D

D-Flange (See "Endshields").....	60
Dial Thermometer (See "Thermal Protection, Bearings").....	81
Dielectric Absorption Ratio (See "Tests, Polarization Index").....	78
Direct-On-Line Start (See "Starting Methods").....	75
Division 1 Explosionproof (See "Enclosures").....	59
Division 2 Explosionproof (See "Enclosures").....	59
Division 2 Non-Listed (See "Enclosures").....	60
Double End Shaft (See "Shaft").....	72
Dowel Pin Holes (See "Bases").....	49
Drains/Breathers.....	54
Drains/Breathers In Conduit Box (See "Conduit Box").....	52
Drip Cover (Canopy Cap).....	55
Dripproof Enclosure (See "Enclosures").....	56
Dual Mounting.....	55

E

Efficiency Class.....	56
Elastimold Connectors (See "Leads").....	66
Elevation (See "Altitude").....	46
Enclosure, ODP (Refer To Base List Price Section).....	56
Enclosure, TEAAC (Refer To Base List Price Section).....	58
Enclosure, TEFC (Refer To Base List Price Section).....	57
Enclosure, WP11 (Refer To Base List Price Section).....	57
Enclosures, Division 1, Explosionproof (Refer To Base List Price)	59
Enclosures, Other.....	56
Encoders.....	60
Endshields, C-Face/D-Flange.....	60
Everseal (See "Insulation Systems").....	63
Export Boxing.....	60

F

Filters (See "Air Filters").....	46
Fire Pump Motor.....	60
Flatbed Truck Shipping (See "Export Boxing").....	60
Flood Oil Lube System (See "Lubrication").....	66
Floor Mounted Conduit Box (See "Conduit Box").....	52
Foot Flatness, Special.....	61
Frequency, 50 Hertz.....	61
Full Load Test (See "Tests, Complete Initial").....	77
Fungus Protection (See "Insulation, Tropical Protection").....	63

Modifiable Titan® Horizontal Motors Accessories And Modifications Index To Modifications

**ACC &
MOD
INDEX**

G

Grease Fittings.....	61
Grounding.....	61
Grounding Strap.....	61

H

Hardware, Stainless Steel.....	62
Heaters, Oil Sump Heaters (See "Bearings").....	50
Heaters, Space Heaters (See "Space Heaters").....	73
Hertz (See "Frequency").....	61
High Inertia Load.....	62
High Tensile Steel Shaft (See "Shaft, Special").....	71
High Torque (See "Torque").....	84
Hinged Conduit Box Door (See "Conduit Box").....	52
Horsepower, Non-Standard.....	62

I

IEEE 841 Motors.....	53
IEEE-45 Spec, Marine Duty (See "Marine Duty").....	67
Inertia (See "High Inertia Load").....	62
Inpro Seals (See "Seals").....	70
Inrush (See "Starting Current").....	74
Insulated Bearings (See "Bearings, Insulated").....	49
Insulation Class, Class "F".....	62
Insulation Class, Class "H".....	63
Insulation System (VPI & Insulife).....	63
Insulation Systems, Abrasion Resistant Coating.....	64
Insulation Systems, Premium Everseal.....	63
Insulation Systems, Tropical Protection.....	63
International Shipments (See "Export Boxing").....	60
Inverter Duty.....	64

J

Jackscrews (See "Bases, Vertical Jacking Provisions").....	49
--	----

K

Knife Edge Seals (See "Seals").....	71
-------------------------------------	----

L

Labyrinth (Knife Edge) Seals (See "Seals").....	71
Lead Lugs (See "Leads").....	65
Lead Positioning Gasket (See "Conduit Box").....	53
Leads, Elastimold Connectors.....	66
Leads, Longer Than Standard.....	65
Leads, Sealed (Potted).....	65
Leads, Two Hole Lead Lugs.....	65
Lightning Arrestors / Surge Capacitors (See "Surge Protection").....	75
Locked Rotor Torque (See "Torque").....	84
Locknut On End Of Shaft (See "Shaft").....	72
Low Starting Current (See "Starting Current").....	74
Low Voltage Starting (See "Starting Methods").....	75

Lubrication, Constant Level Oiler.....	66
Lubrication, Flood Oil Lube System.....	66
Lubrication, Oil Mist.....	66

M

Marine Duty.....	67
Mill & Chemical Duty (See "Corro-Duty®").....	53
Mount Customer's Coupling (See "Coupling, Mount Customer's").....	54
Multi-Speed.....	67

N

Nameplate, Additional.....	67
Nameplate, Phase Sequence.....	67
Nameplate, Rotation Arrow.....	68
Nameplate, Shipping Tag.....	68
Nameplate, Special Data.....	67
Nameplate, Starting Duty.....	68
Noise Test (See "Tests, Sound Test").....	78
Non-Standard Horsepower (See "Horsepower, Non-Standard")..	62

O

Oil Mist Lubrication (See "Lubrication").....	66
Oil Sump Heater (See "Bearings").....	50
Open Dripproof (See "Enclosures").....	56
Open Top Truck Shipping (See "Export Boxing").....	60
Overload (See "Service Factor").....	71
Oversized Conduit Box (See "Conduit Box, Oversized").....	51

P

Paint, Corro-Duty Paint Job.....	68
Paint, Special.....	69
Paper Shipping Tag (See "Nameplate").....	68
Part Winding Start (See "Starting Method").....	75
Phase Sequence Plate (See "Nameplates").....	67
Polarization Index Test (See "Tests").....	78
Potted Leads (See "Leads, Sealed").....	65
Power Factor Correction Capacitors.....	69
Premium Efficiency (See "Efficiency Class").....	56
Premium Everseal (See "Insulation Systems").....	63
Prints & Data (Submittals).....	69
Proximity Probes (See "Vibration Detectors").....	85

R

Reduced Sound Level (See "Sound Level").....	73
Reduced Voltage Start (See "Starting Method").....	75
Rodent Screens (See "Screens").....	70
Roller Bearings (See "Bearings, Roller").....	49
Rotation Arrow (See "Nameplates").....	68
Rotor, Copper Bar.....	70
RTD's, Bearing (See "Thermal Protection, Bearings").....	79
RTD's, Winding (See "Thermal Protection, Windings").....	84

S	
Screens.....	70
Sealed Leads (See "Leads, Sealed").....	65
Seals.....	70
Service Factor.....	71
Servit Post (See "Grounding").....	61
Severe Duty (See "Corro-Duty®").....	53
Shaft Slinger (See "Seals").....	70
Shaft, Special.....	71
Shaft, Special Material.....	71
Shaft, Special Shaft Runout.....	72
Shaft, Standard Double End.....	72
Shaft, Tapped Hole.....	72
Shaft, Threaded Shaft.....	72
Shafts, Locknut On End.....	72
Shafts, Tapered.....	72
Shipping Tag (See "Nameplates").....	68
Short Commercial Test (See "Tests").....	77
Sleeve Bearings (See "Bearings").....	50
Slide Rails (See "Bases").....	49
Slinger (See "Seals").....	70
Software (See "Prints & Data").....	69
Sole Plate (See "Bases").....	49
Sound Level Below Normal.....	73
Sound Test (See "Tests").....	78
Space Heater.....	73
Space Heater In Conduit Box (See "Conduit Box").....	53
Spare Bearings (See "Bearings, Spare Set").....	49
Special Balance (See "Balance, Special").....	48
Special Foot Flatness (See "Foot Flatness, Special").....	61
Special I.D. Plates (See "Nameplates").....	68
Special Lubrication (See "Lubrication").....	66
Special Paint (See "Paint").....	69
Special Shaft (See "Shaft, Special").....	71
Special Shaft Material (See "Shaft, Special").....	71
Special Shaft Runout (See "Shaft, Special").....	72
Special Voltage (See "Voltage").....	85
Special Warranty (See "Warranty").....	86
Splash Proof Enclosure (See "Enclosures").....	57
Spray Test (See "Tests").....	78
Stainless Steel Hardware (See "Hardware, Stainless Steel").....	62
Stainless Steel Shaft (See "Shaft, Special").....	71
Stamping On Nameplate (See "Nameplates").....	67
Standard Efficiency (See "Efficiency Class").....	56
Standoff Insulators (See "Conduit Box").....	52
Starting Current, Lower Than Standard.....	74
Starting Duty Nameplates (See "Nameplates").....	68
Starting Method.....	75
Starting Torque (See "Torque").....	84
Submittals (See "Prints & Data").....	69
Surge Protection (Lightning Arrestors/Surge Capacitors).....	75

T	
Taconite Service (See "Seals").....	70
Tapered Shaft (See "Shaft").....	72
Tapped Hole In Shaft (See "Shaft").....	72
Temperature Relay, Bearing (See "Thermal Protection, Bearing").....	81
Temperature Rise Lower Than Normal.....	76
Tests.....	77
Therma-Sentry, Bearing (See "Thermal Protection, Bearings").....	80
Therma-Sentry, Winding (See "Thermal Protection, Windings").....	83
Thermal Protection, Bearings.....	79
Thermal Protection, Windings.....	82
Thermistors (See "Thermal Protection").....	83
Thermocouples (See "Thermal Protection").....	82
Thermostats (See "Thermal Protection").....	82
Threaded Shaft (See "Shaft").....	72
Torque, High.....	84
Totally Enclosed Enclosure (See "Enclosures").....	57
Tropical Protection (See "Insulation System").....	63
Two-Speed Motors (See "Multi-Speed").....	67

U	
UL Listed Motors (See "Enclosures, Explosionproof").....	59

V	
Variable Speed Drive Motor (See "Inverter Duty").....	64
Vertical Jacking Provisions (See "Bases").....	49
VFD Duty (See "Inverter Duty").....	64
Vibration Detector.....	85
Vibration Test (See "Tests").....	79
Voltages, Special.....	85
VPI Insulation (See "Insulation Systems").....	63

W	
Warranty, Special.....	86
Weather Protected Enclosure (See "Enclosures").....	56
Winding Thermal Protection (See "Thermal Protection").....	82
WK2 (See "High Inertia Load").....	62
Wye Start-Delta Run (See "Starting Method").....	75

Z	
Zero Speed Switch.....	86
